

Add us to your desktop!

Peerlytics Infection Management & ABX Stewardship is a web based software service allowing you to access the tool anywhere. To make this access even easier, create a desktop shortcut so the Peerlytics browser can be opened right from your desktop screen.

1. Using Google Chrome; click the vertical dots in the right corner of the browser, under the X
2. Select *More tools*
3. Select *Create shortcut...*
4. Name your Shortcut, click *Create*
5. Now, you can access your Peerlytics browser via your desktop screen
